PROFILE

I am a passionate and detail-oriented Web Developer with hands-on experience building responsive websites and web applications using HTML, CSS, JavaScript, Vuejs, and Nest.js. With a background in business and marketing, I bring a unique perspective that bridges technical development and user-focused design. I thrive in collaborative environments, constantly seek to learn new technologies, and enjoy solving real-world problems through code.

WORK EXPERIENCE

Codera Freelance Club
Backend Developer
2025 - PRESENT

- Develop and maintain scalable server-side applications using NestJS, following modular architecture and clean code principles.
- Design and implement RESTful APIs and integrate third-party services to support frontend and mobile applications.
- Work with PostgreSQL to model data, write optimized queries, and ensure data consistency.
